Galvanized Mounting Hardware Kits for Mini and Large Coax Support Block Applications

1033 IB E

PRODUCT DESCRIPTION

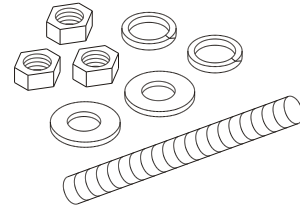

Mini Coax Support Blocks are designed to secure multiple runs of coaxial cable in bundled space saving configurations. Galvanized Mounting Hardware Kits allow Coax Support Blocks to single, double, or triple stack to pre-punched tower members. A complete line of support accessories are available to adapt to specific applications.

NOTICE

Installation of this product should only be performed by trained, qualified and experienced personnel. Installation instructions for this product should be read thoroughly before installation is performed. The manufacturer and supplier of this product disclaims any liability or responsibility for the results of improper or unsafe installation practice.

MATERIAL LIST

Mounting hardware kits include 10 threaded rods, 30 hex nuts, 20 flat washers, and 20 lock washers. All hardware is mechanically galvanized.
