ATK Series Arrestor Trapeze Kits

5000 PR A

PRODUCT DESCRIPTION

The Arrestor Trapeze Kits provide a single, versatile solution to create a central ground point for lightning arrestors at your site. The Arrestor Trapeze Kits are manufactured from ¼" (6.4mm) thick solid copper and incorporate 3 levels allowing 6 arrestors per level on the ATK306U and 12 arrestors per level on the ATK606U. All arrestor trapeze kits include all mounting hardware to accommodate ceiling or wall mount applications.
