SnapWrap Cable Management Strap

1862 PR A

PRODUCT DESCRIPTION

SnapWrap Cable Management Strap is the most efficient way to manage multiple cables in a single universal wrapping strap. It can replace traditional hangers and endless combinations of multi-cable grommets. Its PIM free polymer construction is designed to reduce PIM while maximizing structural integrity.

TYPICAL APPLICATIONS

SPECIFICATIONS

Product Type	Cable management
Hanger Type	Snap-in hanger
Height	1.37" (34.8mm)
Width	1.37" (34.8mm)
Length	9" (228.6mm)
Mounting	3/4" through hole
Packaging Quantity	100
Weight, Gross	1.6lb (0.73kg)
Material Type	Engineered plastic
Vibration Survival	4 hours at resonant frequency
Wind Speed, survival with ½" radial ice	125 mph (201.168 km/h)
Vibration Survival	≥4 hours at resonant frequency
UV Resistance, minimum with no degradation	1000 hours exposure in accelerated UV life chamber
