PRODUCT DESCRIPTION

SnapStak® Plus Adjustable Hangers for Coax and Fiber Cables are manufactured from stainless steel, ensuring long-term integrity over the life of the product in extreme environments, including mountain tops, coastal and industrial applications. The universal fingers provide the ability to accommodate a range of cables starting at 14mm up to 51mm as defined in the table below. The medium, large, and extra-large designs effectively support many manufactured brands of coaxial and fiber cables. SnapStak® Plus Adjustable Hangers are designed to insert into a 3/4" hole in material between .120" and .135" thick (11 GA or 1/8" (3.2mm) material is optimum.
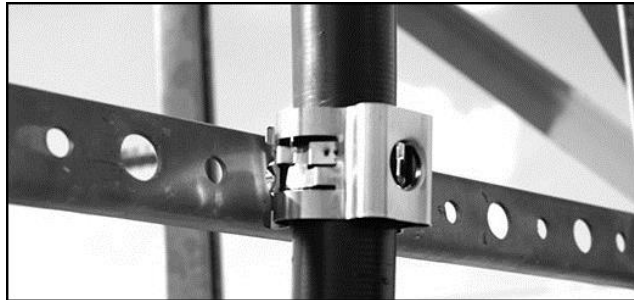

SSHMX   SSHLX   SSHXLX
